NATURAL PET SUPPLEMENTS

The Natural Choice for Healthier, Happier Pets

Because everyday stress factors can take a significant toll on the health of our pets, ReNew Life founder Brenda Watson developed a full line of safe and effective natural supplements to give them the added support their bodies need in an active world.

Superior-Quality Ingredients

ReNew Life Natural Pet Supplements are veterinarian formulated and approved to help dogs of all ages enjoy the vibrant health they deserve. Six premium formulas—**Healthy Digestion, Veterinary Strength Omega-3, Healthy Joints, Healthy Skin & Coat, Healthy Detox & Liver, and Healthy Calm**—uniquely combine beneficial herbs, natural flower essences, Omega-3 oils, fiber and more, with no artificial ingredients or preservatives.

Clinically recognized proprietary whole herb and powerful herbal extract blends are combined with ReNew Life's exclusive flower essence blends. Together, they work with natural canine physiology to provide exceptional healing and cleansing support that is gentle enough for all dogs.

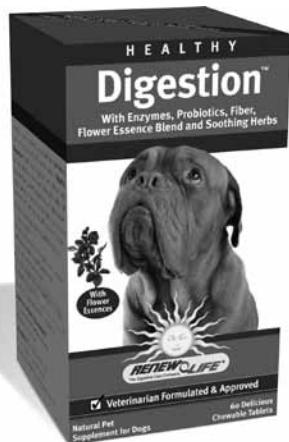

Joel Murphy, DVM, AVBP

Veterinarian Formulated & Approved

Each of our natural pet supplements was formulated by Dr. Joel Murphy. A renowned holistic veterinarian, Dr. Murphy has been practicing conventional and natural veterinary medicine for 25 years and is the founder of The Animal & Bird Medical Center in Palm Harbor, FL. A prominent author, researcher, lecturer and educator, he has been featured on many television and news shows including Discovery Channel's *Animal Planet* and ABC's *Good Morning America*.

Healthy Digestion™

Optimum digestive function is essential to maintaining your pet's overall health. The natural fiber in **Healthy Digestion™** helps with digestion and assists with nutrient absorption from food. Fiber also adds bulk to support the bowel and promote anal gland health. Added probiotics, enzymes and amino acids support intestinal health and can help with "sensitive" colons.

- Includes digestive enzymes, probiotics and natural acacia fiber
- Probiotic blend specially formulated for canine digestive needs
- Regular use helps relieve occasional constipation or diarrhea
- Promotes healthy weight management
- Promotes healthy anal glands
